HK SAVING CAT AND DOG ASSOCIATION LIMITED
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED TO 31 MARCH 2019
(Expressed in Hong Kong dollars)

1. Reporting entity

HK Saving Cat and Dog Association Limited is a Company incorporated in Hong Kong with limited liability. The Company's registered office is located at Workshop C, 17/F., Superluck Industrial Centre Phase 2, 57 Sha Tsui Road, Tsuen Wan, N.T., Hong Kong.

The principal activity of the Company is engaged in improving the welfare and living environment of stray dogs and cats in Hong Kong through sterilization programs, feeding food and treating diseases. Thereby effectively controlling the number of stray dogs and cats, significantly reducing the nuisance caused to the community and making the environment more hygienic and harmonious.

2. Basis of preparation and accounting policies

Basis of preparation

The Company qualifies for the reporting exemption as a small guarantee company under section 359(3)(a) and 363 of the Hong Kong Companies Ordinance (Cap. 622) and is therefore entitled to prepare and present its financial statements in accordance with the Small and Medium-sized Entity Financial Reporting Standard (SME-FRS) issued by the Hong Kong Institute of Certified Public Accountants.

These financial statements comply with the SME-FRS and have been prepared under the accrual basis of accounting.

The accounts have been prepared on a going concern basis, notwithstanding the deficiency of net current assets, on the assumption that the shareholders will continue to provide such financial assistance as is necessary to maintain the Company as a going concern. The shareholders have undertaken to provide such assistance.

The measurement base adopted is the historical cost convention.

The following are the specific accounting policies that are necessary for a proper understanding of the financial statements:

(a) Revenue

Revenue is recognized when it is probable that the economic benefits will flow to the Company and when the revenue can be measured reliably.

- Revenue from general donations is recognized whenever it is received or receivable.
- Revenue from animal adoption is recognized when the animals are adopted.
- Bank interest income is recognised using the effective interest method.

(Expressed in Hong Kong dollars)

2. Basis of preparation and accounting policies (continued)

(b) Foreign exchange

The reporting currency of the company is Hong Kong Dollars, which is the currency of the primary economic environment in which the entity operates.

Foreign currency transactions are converted at the exchange rate applicable at the transaction date. Foreign currency monetary items are translated into Hong Kong Dollars using exchange rates applicable at the end of the reporting period. Gains and losses on foreign exchange are recognised in the income statement.

(c) Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

The depreciable amount of an item of property, plant and equipment is allocated on a systematic basis over its estimated useful life using the straight-line method. The principal annual rates used for depreciation are as follows:

Furniture and fixtures	20%
Leasehold improvement	20%
Motor vehicle	20%
Office equipment	20%

(d) Impairment of assets

An assessment is made at each reporting period to determine whether there is any indication of impairment or reversal of previous impairment, including items of property, plant and equipment, intangible assets and long-term investments. In the event that an asset's carrying amount exceeds its recoverable amount, the carrying amount is reduced to recoverable amounts and an impairment loss is recognised in the income statement.

A previously recognised impairment loss is reversed only if there has been a change in the estimates used to determine the recoverable amount, however not to an amount higher than the carrying amount that would have been determined (net of amortisation or depreciation), had no impairment losses been recognised for the asset in prior years.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED TO 31 MARCH 2019
(Expressed in Hong Kong dollars)

2. Basis of preparation and accounting policies (continued)

(e) Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership of the leased asset to the Company. All other leases are classified as operating leases.

Rights to assets held under finance leases are recognized as assets of the Company at the fair value of the leased property (or, if lower, the present value of minimum lease payments) at the inception of the lease. The corresponding liability to the lessor is included in the statement of financial position as a finance lease obligation. Lease payments are apportioned between finance charges and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are deducted in measuring profit or loss. Assets held under finance leases are included in property, plant and equipment, and depreciated and assessed for impairment losses in the same way as owned assets.

Rentals payable under operating leases are charged to profit or loss on a straight-line basis over the term of the relevant lease.

(f) Employee benefits

Salaries, annual bonuses, paid annual leave, contributions to defined contribution retirement plans and the cost of non-monetary benefits are accrued in the year in which the associated services are rendered by employees. Where payment or settlement is deferred and the effect would be material, these amounts are stated at their present values.

(g) Related parties

Parties are considered to be related if one party has the liability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions. Parties are also considered to be related if they are subject to common control or common significant influence.

(a) A person or a close member of that person's family is related to the Company if that person:

- (i) has control or joint control over the Company;
